**Are you an active ambassador for Project CHILD?  
Do you enjoy being a role model for peers?  
Have you had experience in training others?**

**If so, then becoming a CHILD Consultant might  
be a good fit for your skills and our needs.**

The Institute for School Innovation is working toward developing a group of highly qualified and enthusiastic trainers for Project CHILD. This group of professionals needs to be polished and impressive in their classroom skills as CHILD teachers and interested in sharing their successes with other teachers just starting CHILD or in the early implementation stages.

As a CHILD consultant, you will work as an independent contractor for the Institute for School Innovation. ISI will fully train and equip you with the materials and knowledge needed to support new CHILD teachers in a variety of ways. Not all CHILD consultants will be used in the same capacity; personalities and qualifications will be matched to the tasks available. Some of these opportunities may be:

- Train new teachers
- Make presentations at conferences and meetings
- Host support days

If this opportunity sounds of interest to you, please fill out the attached application and send to ISI as directed by January 15, 2010.

Please dress in business or resort casual for the event. On the 2<sup>nd</sup> day of training, you will be asked to present a short segment of the training assigned to you on Saturday. This requires no preparation ahead of time as all training and support materials will be provided for you. Just come to impress with your presentation skills! We look forward to working with you in February. See you then!
